

Introduction to Management

Introduction

What will we learn in this material?

- **Lecture 1:** Managing and Performing
- **Lecture 2:** Managerial Decision-Making
- **Lecture 3:** External and Internal Organizational Environments and Corporate Culture
- **Lecture 4:** Ethics, Corporate Responsibility, and Sustainability
- **Lecture 5:** International Management
- **Lecture 6:** Strategic Analysis: Understanding a Firm's Competitive Environment

What will we learn in this material?

- **Lecture 7:** The Strategic Management Process: Achieving and Sustaining Competitive Advantage
- **Lecture 8:** Organizational Structure and Change
- **Lecture 9:** Human Resource Management
- **Lecture 10:** Managing Teams
- **Lecture 11:** Managerial Communication
- **Lecture 12:** Organizational Planning and Controlling
- **Lecture 13:** Management of Technology and Innovation

What will we learn in lecture 1?

After finishing **Managing and Performing** chapter, you will know the following:

- ▶ What do managers do?
- ▶ The roles and responsibilities managers play
- ▶ Major characteristics of the manager's job
- ▶ What are the different levels of management?
- ▶ The history of management

What will we learn in lecture 2?

After finishing **Managerial Decision-Making** chapter, you will know the following:

- ▶ Overview of managerial decision-making
- ▶ How the brain processes information to make decisions: reflective and reactive systems
- ▶ Programmed and non-programmed decisions
- ▶ Barriers to effective decision-making
- ▶ Improving the quality of decision-making
- ▶ Group decision-making

What will we learn in lecture 3?

After finishing **External and Internal Organizational Environments and Corporate Culture** chapter, you will know the following:

- ▶ The organization's external environment
- ▶ External environments and industries
- ▶ Organizational designs and structures
- ▶ The internal organization and external environments
- ▶ Corporate cultures
- ▶ Organizing for change in the 21st century

What will we learn in lecture 4?

After finishing **Ethics, Corporate Responsibility, and Sustainability** chapter, you will know the following:

- ▶ Ethics and Business Ethics Defined
- ▶ Dimensions of Ethics: The Individual Level
- ▶ Ethical Principles and Responsible Decision-Making
- ▶ Leadership: Ethics at the Organizational Level
- ▶ Ethics, Corporate Culture, and Compliance
- ▶ Corporate Social Responsibility (CSR)
- ▶ Ethics around the Globe
- ▶ Emerging Trends in Ethics, CSR, and Compliance

What will we learn in lecture 5?

After finishing **International Management** chapter, you will know the following:

- ▶ Importance of International Management
- ▶ Hofstede's Cultural Framework
- ▶ The GLOBE Framework
- ▶ Cultural Stereotyping and Social Institutions
- ▶ Cross-Cultural Assignments
- ▶ Strategies for Expanding Globally
- ▶ The Necessity of Global Markets

What will we learn in lecture 6?

After finishing **Strategic Analysis: Understanding a Firm's Competitive Environment** chapter, you will know the following:

- ▶ Gaining Advantages by Understanding the Competitive Environment
- ▶ Using SWOT for Strategic Analysis
- ▶ A Firm's External Macro Environment: PESTEL
- ▶ A Firm's Micro Environment: Porter's Five Forces
- ▶ The Internal Environment
- ▶ Competition, Strategy, and Competitive Advantage
- ▶ Strategic Positioning

What will we learn in lecture 7?

After finishing **The Strategic Management Process: Achieving and Sustaining Competitive Advantage** chapter, you will know the following:

- ▶ Strategic Management
- ▶ Firm Vision and Mission
- ▶ The Role of Strategic Analysis in Formulating a Strategy
- ▶ Strategic Objectives and Levels of Strategy
- ▶ Planning Firm Actions to Implement Strategies
- ▶ Measuring and Evaluating Strategic Performance

What will we learn in lecture 8?

After finishing **Organizational Structure and Change** chapter, you will know the following:

- ▶ Organizational Structures and Design
- ▶ Organizational Change
- ▶ Managing Change

What will we learn in lecture 9?

After finishing **Human Resource Management** chapter, you will know the following:

- ▶ An Introduction to Human Resource Management
- ▶ Human Resource Management and Compliance
- ▶ Performance Management
- ▶ Influencing Employee Performance and Motivation
- ▶ Building an Organization for the Future
- ▶ Talent Development and Succession Planning

What will we learn in lecture 10?

After finishing **Managing Teams** chapter, you will know the following:

- ▶ Teamwork in the Workplace
- ▶ Team Development Over Time
- ▶ Things to Consider When Managing Teams
- ▶ Opportunities and Challenges to Team Building
- ▶ Team Diversity
- ▶ Multicultural Teams

What will we learn in lecture 11?

After finishing **Managerial Communication** chapter, you will know the following:

- ▶ The Process of Managerial Communication
- ▶ Types of Communications in Organizations
- ▶ Factors Affecting Communications and the Roles of Managers
- ▶ Managerial Communication and Corporate Reputation
- ▶ The Major Channels of Management Communication Are Talking, Listening, Reading, and Writing

What will we learn in lecture 12?

After finishing **Organizational Planning and Controlling** chapter, you will know the following:

- ▶ Is Planning Important
- ▶ The Planning Process
- ▶ Types of Plans
- ▶ Goals or Outcome Statements
- ▶ Formal Organizational Planning in Practice
- ▶ Employees' Responses to Planning
- ▶ Management by Objectives: A Planning and Control Technique
- ▶ The Control- and Involvement-Oriented Approaches to Planning and Controlling

What will we learn in lecture 13?

After finishing **Management of Technology and Innovation** chapter, you will know the following:

- ▶ management of technology and innovation (MTI)—Its Importance Now and In the Future
- ▶ Developing Technology and Innovation
- ▶ External Sources of Technology and Innovation
- ▶ Internal Sources of Technology and Innovation
- ▶ Management Entrepreneurship Skills for Technology and Innovation
- ▶ Skills Needed for MTI
- ▶ Managing Now for Future Technology and Innovation

Some key terms in management

- ▶ **Organizational Structure:** The **formal** arrangement of **jobs** within an **organization**.
- ▶ **Organizational Design:** A **process** involving **decisions** about six key **elements**: (1) Work specialization (2) Departmentalization (3) Chain of command (4) Span of control (5) Centralization and decentralization (6) Formalization.
- ▶ **Work Specialization:** refers to the **degree** to which an organization **divides** individual **tasks** into **separate** jobs.
- ▶ **Departmentalization** is a method of **dividing** an **organization** into **distinct units** or departments to **enhance** efficiency by **grouping** common **tasks**, functions, or processes together.

Some key terms in management

- ▶ **Centralization:** The **degree** to which **decision-making** is **concentrated** at a **single point** in the organization. (Organizations in which **top** managers make **all** the **decisions** and lower-level **employees** simply **carry out** those orders.)
- ▶ **Decentralization:** Organizations in which **decision-making** is **pushed down** to the **managers** who are **closest** to the **action**.
- ▶ **Chain of Command:** The continuous **line** of **authority** that **extends** from the **upper levels** of an organization **to** the **lowest levels** of the organization and **clarifies** who **reports** to who.
- ▶ **Span of Control:** The **number** of **employees** who can be effectively and efficiently **supervised** by a **manager**.

Some key terms in management

- ▶ **Authority:** The **rights inherent** (essential) in a **managerial position** to **tell** people **what** to do and to **expect** them to do it.
- ▶ **Responsibility:** The **obligation** (commitment) or **expectation** carry out by managers or employees.
- ▶ **Employee Empowerment:** **Increasing** the **decision-making authority** (**power**) of employees.
- ▶ **Business Ethics:** **Right** or **wrong** in the **workplace** - value management. Business ethics include **practices** and **behaviors** that are **good** or **bad** in an organization.
- ▶ **Mechanistic Organization:** A **rigid** and tightly **controlled structure**.
- ▶ **Organic Organization:** **Highly flexible** and **adaptable structure**.

Some key terms in management

- ▶ **Behavioral Management:** The study of **how managers** should personally **behave** to **motivate and** encourage **employees** to **perform** at **high levels** and be **committed** to the **achievement** of organizational **goals**.
- ▶ **Operations management:** **techniques** used to **analyze** any **aspect** of the organization's **production system**.
- ▶ **Total Quality Management (TQM):** **focuses** on **analyzing** input, **conversion**, and **output** activities to **increase** product **quality**.
- ▶ **Management Information Systems (MIS):** **provides** information vital for effective **decision-making**.

Some key terms in management

- ▶ **Organizational Environment:** The **set** of **forces** and **conditions** that **surrounding** an **organization** which **affect** organization's **ability** to **acquire** and utilize **resources**.
- ▶ **Open System:** A **system** that **takes resources** from its **external** environment, **transform** them into goods and services and then **send** them **back** to that **environment** where they are **bought** by customers.
- ▶ **Closed System:** A **self-contained system** that is not **affected** by **changes** in its **external** environment.
- ▶ **Planning:** Planning is **determining** the **objectives** and **formulating** the **methods** to **achieve** them.
- ▶ **Staffing:** **Selecting** and **training individuals** for specific **job** functions, and **charging** them with the associated **responsibilities**.

Some key terms in management

- ▶ **Feed Forward Control:** Control that attempts to identify and prevent deviations before they occur, sometimes called preliminary or preventive control.
- ▶ **Concurrent Control:** Control that monitors activities to ensure they are consistent with quality standards.
- ▶ **Feedback Control:** In this case, the control takes place after the action. Sometimes called post-action or output control.
- ▶ **Job enlargement:** Increasing the job's scope (number and frequency of tasks)
- ▶ **Job enrichment:** Increasing responsibility and autonomy (depth) in a job.

Some key terms in management

- ▶ **Benchmarking:** The **search** for the **best practices** among **competitors** and non-competitors that **lead** to their superior **performance**. By **analyzing** and **copying** these **practices**, firms can **improve** their performance.
- ▶ **Succession Planning:** The **process** of **identifying** the **critical positions** within **organization** and **developing** action **plans** for **individuals** to assume those **positions**.
- ▶ **Communication:** A **process** concerning **exchange** of **facts** or **ideas** between **persons** holding **different positions** in an organization to achieve **mutual** harmony.
- ▶ **Corporate Governance:** The **system** used to **govern** a **corporation** to **protect** the **interests** of the corporate **owners**.

The background features abstract, overlapping green geometric shapes in various shades of green, primarily on the right side of the slide. The text is centered on a white background.
